3RD CLBS SYMPOSIUM
EARLY GRAFT LOSS AFTER LIVER TRANSPLANTATION
15th & 16th September, 2017
EROS HOTEL, New Delhi

OPERATIVE WORKSHOP
LAPAROSCOPIC LIVING DONOR HEPATECTOMY
17th September, 2017
Max Super Speciality Hospital, Saket, New Delhi
organised by Max Centre for Liver & Biliary Sciences

VENUE:
EROS HOTEL, Nehru Place, American Plaza, New Delhi-110019, India
Phone: +911141223344 Fax: +9111 26224288

www.clbsconferences.com | clbs.conferences@gmail.com
Max Centre for Liver and Biliary Sciences (CLBS) at Max Super Speciality Hospital, Saket, New Delhi is one of the largest liver transplant centres in the world. It has carried out more than 300 living donor transplants every year for last 4 years successively. The total number of liver transplants performed so far has been more than 2500.

CLBS is actively involved in training medical personnel from liver transplant units from countries across the world. Some of the teams which visited us were from USA, Malaysia, Kenya, Kazakhstan, Myanmar, Pakistan & Singapore. Within India, CLBS has provided help to set up liver transplant programs in public institutions like Institute of Liver and Biliary Sciences (ILBS), New Delhi, SMS Medical College, Rajasthan; Cuttack Medical College, Orissa & Bangalore Medical College, Karnataka.

With a view to disseminate knowledge of liver transplantation, CLBS organises an annual conference every year. The theme of the third conference which will be held between 15th-17th September this year is “Early graft loss”. This is an important issue in Living Donor Liver Transplant where graft loss usually means patient loss.

We have had the opportunity to serve patients from over 20 countries and developed a highly successful low cost model of liver transplant with consistently good results. This has been possible because the group has introduced many innovations in operative techniques. In this meeting, we hope to share our experience with the rest of the world and also learn from the masters to strengthen areas where we feel it needs improvement. Ex-CLBS trainees have excelled in their own centres and we hope that in this meeting we will be able to interact with them once again and relive those moments when liver transplantation was a rarity in India.

“It is indeed a great honor and pleasure to invite you for the third edition of CLBS Symposium in New Delhi on 15th – 17th of September 2017. The theme for this year’s symposium is

“Early Graft Loss after Liver Transplantation” and Operative Workshop on Live Laparoscopic Donor Hepatectomy.

We intend to discuss the latest advances in all these fields for 3 days. Day 1 & day 2 are dedicated for discussions and day 3 for Operative Workshop on Live Laparoscopic Donor Hepatectomy.

We would be honored and delighted, if you could participate and also encourage rest of your department members to attend the symposium”.

Dr. Subhash Gupta
Chairman & Head
Max Centre for Liver & Biliary Sciences
Max Super Speciality Hospital, Saket, New Delhi
ORGANISING COMMITTEE

• Dr. (Prof.) Subhash Gupta
  Organising Chairman
• Dr. Shaleen Agarwal
• Dr. Mohd. A. Nayeem
• Dr. Rup Goswami
• Dr. Rajesh Dey
• Dr. Shweta Singh
• Dr. Vivek Raj
• Dr. Selva Kumar N
• Dr. K. Rajasekhar
• Dr. Ashwini Setya
• Dr. Suneel Chakravarty
• Dr. Abhishek Deo
• Dr. Nivedita Pandey
• Dr. Rajeev Khosla

INTERNATIONAL FACULTY

• K. K. Madhavan
• Abhinav Humar
• Kyung Suk Suh
• Pukar C. Shrestha
• Michael Heneghan
• Mureo Kasahara
• Nobuhisa Akamatsu
• Trevor Reichman
• Paolo Muiesan
• Chul-Woo Jung
• Md. Ali
• Georg Auzinger
• Ben Hur Ferraz Neto
• Yuji Soejima
• Achal Dhir

SCIENTIFIC ADVISORY COMMITTEE

• Dr. Bharat Agarwal
• Dr. Ruchi Rastogi
• Dr. Vaibhav Jain
• Dr. Shahnawaz Bashir Kaloo
• Dr. Sharat Verma
• Dr. Sumit Goyal
• Dr. Raj Kumar
• Dr. Ratnesh Kumar Jha
• Dr. Vijaykant Pandey
• Dr. Gaurav Kumar Dubey

NATIONAL FACULTY

• A.S. Soin
• Neelam Mohan
• Anand Khakkar
• Vinay Kumaran
• Shweta Singh
• Manav Wadhavan
• Sonal Asthana
• Anjali Gupta
• Amit Rastogi
• Joy Varghese
• Deepak Govil
• Sanjeev Saigal
• Neeraj Saraf
• S.K. Sarin
• V. Pamecha
• Bansidhar
• Rahul Nathani
• Ravi Mohanka
• Ravichand Siddachari
• Vijay Vohra
• Anil Arora
• Deepthi Vibha
• B. Venugopal
• Olith Selvan
• Prashant Bhangui
• Darius Mirza
Day 1, 15th September, 2017

08:30 - 08:55  Welcome Address

09:00 - 09:35  Session 01  Early Graft Dysfunction – The Extent of Problem
               Early Graft Loss in DDLT
               Early Graft Loss in LDLT

09:40 - 11:00  Session 02  The Paediatric Patient – Causes of Graft Loss
                 Hepatic Venous Outflow Obstruction
                 Hepatic Artery Thrombosis
                 Portal Vein Thrombosis
                 Early Immune Events
                 Approach to Early Graft Dysfunction in Paediatric Recipients

11:05 - 11:55  Session 03  Primary Non Function
               Donor Steatosis and its Management and PNF
               Hypothermic Perfusion and Donation after Cardiac Death
               Normothermic Machine Perfusion and Preservation

12:00 - 12:35  Session 04  Small for Size Syndrome
                Minimum Graft Size in LDLT
                Inflow Modulation

12:40 - 1:00  Session 05  EGD: Recipient Factors
               The Sick Recipient
               Renal Dysfunction and EGD

1:05 - 13:45  Session 06  Liver Transplant Program Experiences from
                Developing Countries
                Nepal, Bangladesh, Kazakhstan

13:45 - 14:25  Lunch

14:30 - 15:00  Session 07  Debate – 1
               Is Larger Graft needed for Sick Recipient?

15:05 - 15:20  Session 08  State of the Art Lecture – 1
               Progress in LDLT

15:25 - 15:55  Session 09  Talk with Videos
               Billary Anastomosis
               Hepatic Artery Thrombosis and Revascularisation

16:00 - 16:20  Session 10  Panel Discussion
               Role of Liver Biopsy in Early Graft Dysfunction

16:35 - 17:10  Session 11  Technical Challenges
               Recipient and Donor Artery Disssection
               Portal Vein Thrombosis

17:15 - 17:50  Session 12  Complications – 1
               EGD: Role of Imaging
               Rapidly Deteriorating Recipient

17:55 - 18:20  Session 13  Abstracts Presentation
               Gala Dinner at EROS Hotel

19:00 onwards

Day 2, 16th September, 2017

08:30 - 09:05  Session 14  Post-op Issues in EGD
                Management of Renal Dysfunction Post LTx
                Immunosuppression in EGD

09:10 - 09:45  Session 15  The Cutting Edge
                Pharmacotherapy in EGD
                Ventilatory Support in EGD

09:50 - 10:20  Session 16  State of the art Lecture – 3
                Liver Support Devices in EGD

10:25 - 11:00  Session 17  Disease Etiology and EGD
                Viral Infections and Early Graft Dysfunction
                Alcoholic Liver Disease: Should Assessment be Different to Prevent EGD

11:05 - 11:25  Session 18  Case Discussion
                Panel Discussion

11:30 - 12:05  Session 19  Paediatric Liver Transplantation
                Large for Size Graft
                Etiology and Management of Intestinal Perforation

12:10 - 12:55  Session 20  Challenges in Liver Transplant
                Multi Drug Resistant Bacterial Infection in Cirrhotics
                Graft versus Host Disease
                Interventional Radiology in the Peri-Transplant Period

13:00 - 13:55  Lunch

14:00 - 14:35  Session 21  Surgical Videos
                Hemostasis in Poorly Functioning Graft
                Ligation of Porta Systemic Shunts

14:40 - 15:15  Session 22  Medical Issues
                Peri-Transplant Management of Tuberculosis
                Portopulmonary Syndrome

15:20 - 15:55  Session 23  Surgical Advances
                Tips and Tricks for Preventing Technical
                Complications in LDLT
                Tips and Tricks in DDLT

16:00 - 16:45  Session 24  State of the Art Lecture – 4
                Organ Prefusion and Preservation for Preventing EGD
                Advances In Anaesthesia in Liver Transplantation

16:50 - 17:25  Session 25  Acute Liver Failure
                ALF Intensive Care Management
                Is LDLT justified in ACLF

17:30 - 18:05  Session 26  Non Liver Complications in Early Post Transplant
                Neurological Complications after LT
                New Onset Cardiac Dysfunction – Early Post Transplant

18:10 - 18:40  Session 27  Long Term Issues
                EGD and Long Term Survival
                Persistent Hypersplenism

Day 3, 17th September, 2017

Operative Workshop on Live Laparoscopic Donor Hepatectomy
REGISTRATION FORM

DELEGATE DETAILS

Please fill in CAPITAL Letters

Prof./Dr./Mr./Mrs./Ms.: _____________________________________________

Postal Address: ___________________________________________________
_______________________________________________________________

Mobile No.: _______________________ Tel. No.: _______________________

Email id: ________________________________________________________

Age: _________ Gender: ________ Medical Council Reg. No.: _____________

1. We prefer you to do the online registration from our website www.clbsconferences.com after making the payment online through Net Banking or by providing the DD Details.

2. If you are NOT comfortable in doing online registration, you can always send us the filled and signed registration form along with the payment details (DD/UTR No) to the conferences secretariat address.

3. Postgraduate Trainees should obtain a bonafide certificate from their Head of Department and upload/submit along with the registration form.

4. Refunds/Cancellation Process:
   • All request for cancellation / Refund should be made in writing to the organizing secretary.
   • Cancellation sent up to 30th August 2017, will get a refund of 10% of registration fee.
   • Cancellation after 31st August 2017, No Refund
   • Refunds of cancellation will be initiated after the completion of the conference.
